LENSES

# BLULITE430

BluTech BLULITE430 lenses have UV and blue light protection built into the lens which are a clearer color compared to Enhanced Blue Protection lenses. Lightweight and impact resistant make these your go-to everyday glasses.

## When to wear your BLULITE430 blue light glasses?

- At Home
- Taking a Walk
- Reading a Book
- Grocery Store

	<b>BLULITE430</b>
